21 दिवसीय सेवाकालीन प्रशिक्षण का उद्घाटन समारोह

Course Objectives

1. In-service training in the area of Library & Information Sciences is designed and implemented for the purpose of continuity of the organization's life, dynamism and usefulness.
2. This Inservice Course is designed to upgrade the skills of librarians in handling ICT Tools and other areas as well.
3. In-service trainings are held for librarians to familiarize them with the organization's work process, to update their knowledge and information so that they can upgrade their knowledge and capabilities by combining information and work experiences.
4. Library as an institution can be more effective when librarians are familiar with modern tools and the latest information in the field of information dissemination, which is possible through Inservice Courses held periodically in KVS.
5. Getting acquainted with the teaching skills will make the job easier for the school librarian while dealing with the students in the class or in the library.
6. The school library is a vital teaching and learning environment in the school community. Student learning outcomes are enhanced through the teacher librarian's acquisition and organization of information resources, the dissemination and circulation of learning materials and collaboratively planned programs to integrate information and digital literacy.

The only thing you absolutely have to know is the location of the library.

Impressions

For professional growth of librarians KVS has organized 21 days In service training at ZIET Mysore from 25 April 2022 to 15 May 2022. A group of 34 librarians from all over India joined this training course. The course covered basic information along with modern technical and technological aspects. We learnt a lot from the guest lecturers, Course Director our Resource persons. We learnt Blog, eG4, Digital Library, Digital Literacy etc.

This programme provided us valuable information in such a way that we enjoyed a lot while learning. I convey my heartfelt gratitude to all.

The 21-Day In-Service Course organized for the benefit of Teacher Librarians at ZIET, Mysore essentially focused on the best ways and means of implementing KVS Library Policy 2012 in full spirit, updating the skills of e-Granthalaya & developing the ICT skills. Librarian of 21st century is different from the ones we had years earlier. In an effort to train the teacher librarian in e-Granthalaya, practical session by Mr. D.K. Singh (Course Coordinator) contributed their technical expertise for two days to our participants. The teacher librarians were highly appreciative of the sessions taken by Mr. D.K. Singh. They also gave us the latest version eG4 through virtually by NIC, Bangalore.

We learnt here that the task of a teacher librarian is not only the provider of information about access to the wider world knowledge sources but also to play the roles of guide, technical expert and above all.

We are really thankful to our trainers for this In-Service Course and making this course memorable for all of us.
